Dear Students/Dear Parents:

Occasionally students of ours, or parents of our students have asked our teachers for their personal phone numbers in order to contact them for either help with their assignments or to arrange for lessons off-site.

Please note that our teachers sign a written contract with *The Language School* that expressly prohibits them from teaching off-site or to set up any kind of private teaching arrangements with our students. Kindly refrain from putting our staff into an awkward or unprofessional position by asking them either for their phone numbers or to teach off-site, as they are legally not permitted to do so.

If you have any questions regarding assignments, kindly call our office and we will be happy to pass any messages along to the teachers and get back to you.

#### SCHEDULING CLASSES:

In order to avoid constant schedule changes for our teachers, and then consequently, for our other students, we ask you all to observe the following courtesy:

Please schedule your next appointment from week to week and then please adhere to the class you scheduled a week in advance. If you need a different time or day from one week to the other, we will remain flexible and work with you on accommodating you. However, if you are not sure if and when you can come the following week, please look at all your other appointments and all other schedules first, and then call us to make the next appointment and then kindly adhere to it.

If there is an emergency or some unusual circumstance, we will always try to help you out, as you know from past experience, but we can no longer accommodate several schedule changes within a week or the day before the actual class. It is not fair to our teachers, who need to know when they are working, and to the other students, who constantly get switched around to accommodate others.

**With this in mind we are also changing the actual cancellation period to 48 hours, with the understanding that in extreme circumstances, we will always work with you.**

I appreciate your patronage, as well as your understanding, and look forward to another year of enjoyable and productive language learning.

Kindly acknowledge the above with your signature: \_\_\_\_\_
